Katahdin Trust has had the privilege of working with Osborne Media on a range of marketing projects since 2017. They have helped us share our story in fresh and exciting ways. Projects include creating marketing material, videos, and digital assets that celebrated our 100th anniversary, including coordinating a group photo of more than 150 of our employees in the shape of our logo. Osborne Media has created statewide branding campaigns and handled the professional production of ongoing radio spots in the past.

Their entire team is easy to work with, creative, and always delivers on time. They truly understand what matters to our customers and know how to make complex ideas simple and engaging. Every project we've worked on together has helped us connect with our local communities and strengthen our brand across Maine.

If you're looking to grow your business, we highly recommend Osborne Media as a trusted resource!

Krista K. Putnam
Executive Vice President & Chief Marketing Officer
